HA HA...HEE HEE...HO HO...!

After arriving late to the Tower of London and to Buckingham Palace, the tour group finally arrived at Runnymede. The guide announced, "Here, the historic Magna Carta was signed." A woman asked, "When was that?" The guide said, "1215." "I knew it," said the woman. "We missed it by 15 minutes."

YOUR STAR TODAY

ARIES
20th March - 20th April

Tap into your creativity to unblock your emotions today. This can be a more powerful tool than you realize. Creativity is a big part of you - almost as big as communication. If one is blocked, the key to releasing it is to focus on the other two. Express yourself through creativity and talking to someone close.

TAURUS
20th April - 20th May

You may need to deal with disapproval today. This will come from someone you see as an authority figure, perhaps a parent or teacher. While it's important to listen, if what they have to say involves your personal life and how you live it, it's no one's concern but yours. No matter what you do, someone will disapprove of something!

GEMINI
20th May - 20th June

Taking time alone is essential for everyone, but recognize when you're isolating yourself. If you ask why you're taking this time and answer because you're avoiding something, you need to reconsider. Things will only get worse. You begin to work things out by facing whatever it is that's upsetting you.

CANCER
20th June - 20th July

Watch out for the green-eyed monster today. It can rear up before you even say the word "jealousy" if you're not on your guard. If you aren't secure in your job, relationship, or family, and feel threatened by someone else, it's time to take a look at the reason. Look for answers rather than lash out.

LEO
20th July - 20th Aug

You may feel insecure about your appearance today. This can be a vicious cycle, and the end result is almost always negative. Whether it's your weight, age, or anything else, if you can't accept yourself as you are, you'll always find something wrong no matter how many changes you make.

VIRGO
20th Aug - 20th Sept

Jealousy might rear its head today. The key to coping with it is to understand why you feel insecure. Is trust an issue? If this comes up at work, is it because you don't feel recognized for your contributions? Examine the cause of jealousy. It's almost always a symptom of a deeper problem.

LIBRA
20th Sep - 20th Oct

Arts and crafts may hold your interest today. Even if you lean more toward sports, an artistic streak likely runs pretty strong in you. Creating can be richly satisfying, both in the process and in the finished product. Allow yourself the opportunity to explore this part of you. The day's energy will lend much to your abilities.

SCORPIO
20th Oct - 20th Nov

Getting along with others may prove challenging today. You might feel impatient and easily annoyed. If this is so, stay solo if you can. If you can't, you'll need to curb a tendency to be argumentative or confrontational. Exercise patience and bite your tongue if that's what it takes. Avoid conflict.

SAGITTARIUS
20th Nov - 20th Dec

Don't be surprised if you're a little weepy today. The day's planetary influences could enhance your sensitivity to everything, including your feelings. Let yourself cry if you need to - it can be cleansing. Try not to wallow too much, as things will look better tomorrow. Take good care of yourself today.

CAPRICORN
20th Dec - 20th Jan

Obsessive thinking is what you need to look at today. Common areas for such behaviors are in the pursuit of money, power, success, and love. There's a fine line between determination and obsession. If you fixate on the same thing everyday, you should talk to someone about it. An expert can help you see what you don't want to.

AQUARIUS
20th Jan - 20th Feb

Don't act impulsively today. It can be easy to confuse this with spontaneity, but one has more thought in it than the other. Think everything through from decisions to projects to contracts. When it comes to relationships, avoid trusting too quickly. Don't set yourself up for hurt by being gullible.

PISCES
20th Feb - 20th Mar

Is it time to take a more drastic approach to solving a problem? If you've made several attempts to resolve your trouble, it might be something to consider. As long as drastic doesn't equate with destructive, you may try something more aggressive. Think things through first. Run any ideas past a trusted friend.
