

Payne taking inspiration from Cheryl?

Los Angeles

Former One Direction star Liam Payne seems to be taking style inspiration from his girlfriend Cheryl, as he was seen stepping out here in an outfit similar to her runway look.

The singer, 24, slipped into a half-plaid shirt as he headed for dinner at Catch -- just two weeks after his partner, 34, bore a similar checked ensemble at the star-studded show in Paris, reports *dailymail.co.uk*.

He looked trendy in the unusual black shirt, adorned with a monochrome checked panel on one side.

"When I was much younger and starting out, I was told by producers of a film to lose 15 pounds in two weeks. During this time a female producer had me do a nude line-up with about five women who were much, much, thinner than me. We are stood side-by-side with only tape on covering our privates," she said.
