'Wonder Woman 2' to begin filming in June

Production of superhero film 'Wonder Woman 2' will reportedly commence in the US in June instead of May in the UK. The filming will take place in the area of Northern Virginia and the District of Columbia.

The locations could be a hint that the character of Diana Prince will be interacting with the US government, as Washington D.C. is the home to the White House and the C.I.A. headquarters is in Virginia.

If the reports are true, it will support a quote from director Patty Jenkins, who revealed in an interview that the story "will take place in the US, which I think it's right. She's Wonder Woman. She's got to come to America. It's time." (IANS)

During an interview on Monday, Robbie talked about wearing a dental retainer and her latest film "Peter Rabbit", reports dailymail.co.uk.

She voices Flopsy -- a character who has a speech impediment -- in the animated feature.

"I was saying earlier that when I wear my retainer at night it kind of gives me a bit of a lisp. I'm such a dork," Robbie said.

Then she was asked why she wears a retainer. The actress revealed that she had worn two retainers since she was 14 years old. (IANS)
