YESTERDAY'S SOLUTION

How to play:

Place a number in the empty boxes in such a way that each row across, each column down and each 9-box square contains all of the numbers from one to nine.

Your star today

(Mar 21st - Apr 20th)

Lay low today. Don't try to force any answers from people. Eat a healthy breakfast and stay away from caffeine. Relate to people on an intellectual or philosophical level and discuss the meaning of life. If you're looking for sympathy, you may need to wait a couple days. People aren't in the mood.

(Apr 21st - May 21st)

Inspire others to come out of their shells today. Have them join you on the sunny side of the street. Share your cheer with other people and lead them into boisterous discussions about the world. You will be on cloud nine, with a great deal of strength behind your happy-go-lucky emotions. Keep things light and don't worry about tomorrow until it comes.

(May 22nd - Jun 21st)

Keep your cool if something goes wrong today. Don't be so impatient about fixing a problem that you end up doing something rash. You may do more damage than you would if you just let things sit for a couple days. Mull over the situation, talk it out with others, and approach the issue at another time with a different frame of mind.

(June 22nd - July 23rd)

Play the lottery today. The concept for you is profit with no effort. The windfall will come when you least expect it. The less you try to shape things, the more they will generally flow in your favour. Enjoy the day and don't sweat the details. Things will work themselves out. People may be quite emotionally charged, but don't let their behaviour throw you off balance.

(July 24th - Aug 23rd)

If you meet someone new today, break him or her in gradually. Don't spill all the beans at once. Let the person warm up to your intense emotional nature before you unleash it full force. People are going to need their space, so make sure you allow enough room for emotional and physical freedom. Think about taking a long trip or short vacation of some sort.

(Aug 24th - Sep 23rd)

Spare no emotional or monetary expense today. Whatever you put into this day will come back to you tenfold. Feel free to indulge and delight in your fun-loving nature. This day speaks of freedom from restraint of all kinds. Break the chains and explore new worlds in your mind and your physical surroundings.

(Sep 24th - Oct 23rd)

Today isn't a day to stay inside and sulk. Put the past behind you and move on. Grab opportunities with both hands and rev your engine into high gear. Stop looking at what lies behind and focus on the wide-open horizon in front of you. This is an excellent day to turn up the heat and start brewing some new adventures.

(Oct 24th - Nov 22nd)

Get your favourite music out of the closet today. Have a dance party in your living room and liven things up with some freshly cut flowers on your table. This is a great day to direct your energies outward into the world. Go on a radical adventure that you didn't think was possible. Plough headfirst into new projects and let your good luck carry you through. Don't worry about the details.

(Nov 23rd - Dec 21st)

It may be extremely hard for you to make decisions about anything today. Don't stress about work or the things you need to get done. With today's aspects, it's a day that shouldn't be filled with sour energy from the past. You experience a rebirth every time you wake up in the morning. Venture forth into new adventures!

(Dec 22nd - Jan 20th)

Today should run quite smoothly for you. You will find that there's a great deal of power fuelling your emotions and that you're able to take that power to the extreme. Use your strong, dynamic nature to win the hearts of others. Lead the charge toward good-natured fun. You will be laid-back, easygoing, and adventurous. Take a long-distance trip in your mind.

(Jan 21st - Feb 19th)

Don't get upset if people don't take you quite as seriously as you'd like today. It's in the nature of the day to keep things light and uplifting. Come out of the intensity of the last couple days and laugh out loud. Don't stress over things you don't understand. Go with the flow and keep smiling. You can't go wrong as long as you join in the good cheer.

(Feb 20th - Mar 20th)

You might find that something or someone is purposefully trying to make things difficult for you today. It might seem like you're trying to get a handle on the issues, but somehow things are slipping through your fingers. Don't make any major decisions, and certainly don't try to herd people into corners. Let others have their freedom and consider simply riding out the storm.
