Your star today

(Mar 21st - Apr 20th)

It may be hard for you to get a handle on things today. Your focus seems to jump from one problem to the next without finding resolution. This isn't a day to find a solution. You're better off researching, questioning, and gathering facts. Keep your channels of communication open.

(Apr 21st - May 21st)

You might come across strong opposition today. Someone may seem to want to cut straight through to your heart. In reality, this is a message reminding you to think about things in terms of the collective, the oneness of all. Be aware of a greater perspective in which you see more than just your side of the issue. Discuss the issues with others.

(May 22nd - Jun 21st)

Act on your instincts and you won't go wrong. You may need to give up control and put logical thinking aside. Let the wind take you where it will. Explore your feelings and how others influence them. It will be just about impossible to solidify any plans today. You're better off exploring options and comparing notes with others.

(June 22nd - July 23rd)

You have the missing piece that people need in every situation today. Engage in light conversation in social situations, and turn your charm up high. You have the ability to make favourable impressions on just about everyone, so set the day off on the right foot. Get out of bed earlier than usual and get your blood pumping with a brisk walk around the neighbourhood.

(July 24th - Aug 23rd)

People may want to talk a great deal, but they're avoiding their feelings today. Put your emotions on the back burner and let your mind take over. Deal with the facts and make sure your emotions don't interfere with the information you receive. Things can get clouded if you don't stay true to the communication that's taking place. Be conscious of the impact of your words.

(Aug 24th - Sep 23rd)

You should be able to evaluate your emotions from a detached perspective today. Use this opportunity to take action based on what you discover. Make sure your actions are based on practicality and you aren't acting rashly in response to someone else's hasty manoeuvres. You will be amazed at the incredible things that develop if you think first.

(Sep 24th - Oct 23rd)

If you're talking about another person today, don't say anything that would upset them if they were standing next to you. Gossip may run rampant, but that's no excuse to contribute to it. Be aware that what you say has a strong impact on the people around you. It's likely to spread to many more ears than you think.

(Oct 24th - Nov 22nd)

It's important to take action on a day like this. Trust yourself and your instincts. Often you have the perfect counsel for everyone but you. Keep in mind that you might have to turn to others for the best advice for you. Talk things out and then take action. Hesitation will only have negative consequences. You have all the facts you need.

(Nov 23rd - Dec 21st)

You might be unfocused and confused about which way to go. Your baffled look isn't giving others much confidence in your ability to make a good decision. Don't feel obliged to stay in an unhealthy situation. It may be time to let go and break some ties to things that are no longer working for you. Feel good about extracting yourself from old habits.

(Dec 22nd- Jan 20th)

It's important to get outside and feel the wind. Reconnect with nature and be aware of the four elements, especially the air. Take deep breaths and fill your lungs with the energizing life force. Imagine yourself on a mountain looking over a vast ocean. Expand your awareness so that nothing escapes your attention. Keep your head clear of clutter.

(Jan 21st - Feb 19th)

Make practical use of the thoughts you've synthesized in the last few days. Stretch your boundaries and extend your wisdom to the people around you. This is a day to take action. Connect with your heart and move forward with your plans. We normally think of our hearts as soft, tender, and vulnerable. Think of your heart today as tough, strong, and adventurous.

(Feb 20th - Mar 20th)

This is an important day to make valuable connections. You will be engaged in fast-paced, witty conversations and debates from which you can learn a great deal. You're good at seeing both sides of an issue. The problem is that this can lead to indecisiveness and an inability to commit. Choose a path and stick to it.
