

Khalifa Town Central Market: Ministry offers 35-year deal

TDT | Manama

The Ministry of Municipalities Affairs and Agriculture has opened a tender seeking investors for the operation of a traditional central market as well as related services in Khalifa Town Madinat Khalifa in the Southern Governorate.

The plot identified for the market, numbered 12013079 (empty), is located between King Hamad Highway and Hawar Street in block 957 of the Southern Governorate.

A successful contract will receive a 35-year licence to operate the market.

According to the tender, the ministry seeks to run the market as a distant modern heritage concept, with sections for vegetables, fruits, fish, and meat, along with units for shops, restaurants, cafes, and market services such as

car parking for vendors and visitors.

Investors could also open supermarkets or hypermarkets in accordance with the project's concept and regulatory requirements for real estate with the concerned authorities, the ten-

der reads.

Interested parties must bid for the project before June 18th, 2023, with a BD5,000 bond valid for 180 days.

The tender documents are available for download from the website of the tender boards

starting from March 26th, 2023, and the tender fee is BD100.

The initial bond should be in the form of a Certified Cheque, Bank Guarantee, Insurance Policy, or Cash, as specified in the tender documents, and valid for the duration.

The Primary Healthcare Centres hiring light vehicle drivers

TDT | Manama

The Primary Healthcare Centres have seven openings for light vehicle drivers, for which they have launched a tender.

According to the tender, only Bahrain nationals are eligible to apply. The responsibilities of the drivers will include transportation of medicines, supplies, devices, and medical samples for primary healthcare centres across the King-

dom. In addition, the drivers will be expected to transport staff members and carry out correspondence duties.

Interested parties must submit their bids for the tender before April 9th, 2023. Along with the bid, a BD500 bond with a 180-day validity should be included.

The tender fee is BD15, and the necessary documents are available for download from www.Tenderboard.bh.

Windows, doors maintenance: Bapco launches 3-year contract

Representative picture

TDT | Manama

Bapco has on offer a three-year contract to supply, install and maintain aluminium windows and doors at its facilities in the Kingdom.

The services are for Bapco's Housing and offices in Awali and surrounding areas, says a Tender launched by Bahrain Petroleum Company.

The tender seeks suppliers to submit their proposals before the 16th of April 2023.

According to Bapco's re-

quirements, the contractor must possess the Technal and Balexco jigs for the fabrication of units in their own factory, along with an adequate quantity of accessories and experience in repairing Technal windows.

Additionally, the contractor should comply with Bapco's minimum safety standards as outlined in the "Guide to Safety 2017 Edition," and submit their company's HSE policy and the details of their designated safety officer.

Embassy for Bahrain in Muscat: Foreign Affairs attracts 10 bids

TDT | Manama

Ten companies are competing for a contract from the Ministry of Foreign Affairs to build a diplomatic complex for the Kingdom of Bahrain in Muscat, Oman.

The complex will comprise an embassy building, residences for the ambassador, as well as cultural and military attachés. The project has received bids ranging from BHD 114,270.450 to BHD 788,641.350.

The companies that submitted bids are Dar Al Handasah Consultants Shair and Partners (BHD 592,256.780), Muscat Design centre and Partners (Corduff Oman) (BHD 114,270.450), Al Monarch Engineering Consultancy (BHD 152,854.065, BHD 122,868.585), F&M Middle East Engineering Consultancy (BHD 397,872.405), Al Hatmy Engineering consultancy (BHD 188,451.060), Consolidated Engineering Company Khatib & Alami Foreign Branch Company (BHD 788,641.350), Phoenix engineering Services (BHD 250,717.500), Arabtech Jardaneh

and partners for Engineering Consultancy (BHD 274,203.020), Razeen Engineering consultancy (BHD 139,970.250) and Hoehler and Al Salmi Architectural and Engineering Consultancy (BHD 288,622.897).

The tender was for hiring a consultancy to provide pre and post-contract services, including site investigation, concept

design, obtaining approvals, creating designs for interior and other works, general bills and tender documents, process, and report and supervision for the Bahrain Diplomatic Complex.

Reports suggest that the embassy building will have consulate services on the ground floor and will be designed to merge domestic architecture

with the structural vocabulary of Muscat. The building will also feature a central reception area, reminiscent of traditional Bahraini residences that have a series of pavilions around a courtyard.

Currently, Bahrain's embassy in Oman operates from Way 3030 Villa 2421, Block 230, PC 115 Muscat.

Sitra Health Centre renovation progressing; New tender launched for medical equipment

TDT | Manama

The renovation of the Sitra Health Centre in the Capital Governorate is progressing smoothly, with the Primary Healthcare Centres launching a new tender to procure new medical equipment.

The tender specifies that the centre requires medical equipment and accessories as part of its renovation. Some of the required equipment includes Ray GP, Dental Unit, Dental X-Ray-Sensor Digital, Auto-

clave, Distillery Unit, Vital Sign Monitor, ECG Unit, and other machines.

Suppliers interested in pro-

viding this equipment should submit their bids before May 10, 2023, with a BD1,000 bond that is valid for 180 days. The tender

documents can be downloaded from www.tenderboard.bh.

Currently, the Sitra Health Centre provides general clinic, nursing, mother and child care, pharmacy, dental, laboratory, radiology, social services, diabetic, and NCD services.

The Health Ministry had earlier announced plans to demolish the existing nursing restrooms, expand the MCH, Nursing, Pharmacy, and Laboratory sections, construct a new isolation room, X-ray section, and modify the dental unit.

Ministry of Education seeks contractors for maintenance

TDT | Manama

The Ministry of Education has initiated a tender for the maintenance of electrical installations in schools and administrative buildings.

The contract involves the replacement of lighting, ceiling and wall fans, ventilation, lighting switches, recesses, main and subsidiary electrical circuits. Additionally, the works entail the installation of electrical fittings for air conditioners, upgrading of electrical wiring, and connections to computer laboratories, domestic lap, and science laboratories.

Excavation works for electric cables in schools, institutes, and academic and administrative buildings are also part of the project.

The ministry intends to offer

a three-year contract for the works. Interested parties must submit their bids before April 26, 2023, with a BD4,000 bond that is valid for 180 days.

Micro, small, and medium enterprises are eligible for a 10% preference in the financial evaluation stage if they submit the "SMEs Classification Certificate" during the bidding process for this tender.
