Miley Cyrus planning ‘something really special’ for Hannah Montana’s 20th anniversary

Bang Showbiz | Los Angeles

Miley Cyrus is planning “something really special” for Hannah Montana’s 20th anniversary. Miley, 32, shot to fame in the Disney show – which ran for four seasons from 2006 to 2011 – and she revealed she would love to pay tribute to the series with a special celebration next year.

She told SiriusXM’s TikTok Radio: “I want to design something really, really special for it because it really was the beginning of all of this that now sits here today. Without Hannah, there really wouldn’t be this kind of... this me.” The show starred Cyrus as Miley Stewart, a teenage girl living a double life as famous pop singer Hannah Montana and Miley is excited to celebrate the character.

She said: “It’s so crazy to think, too, that I started as a character that I thought was going to be impossible to shed. And now that’s something that when I walk into a space, it’s looked at as this sense of nostalgia or something that you have from your childhood, but I’ve now been as kind of integrated into everyone’s life as the character itself. So that’s exciting to get to celebrate that.” While Miley was initially keen

to shed her squeaky clean image and leave the character behind after the show ended, she revealed last year that she still feels a lot of affection for Hannah Montana. During her speech as she accepted her award as a Disney Legend, Miley said: “A little bit of everything has changed, ... but at the same time, nothing has changed at all, I stand here still proud to have been Hannah Montana.

“In so many ways, this award is dedicated to Hannah and all of her amazing loyal fans, and to everyone who has made my dream a reality. To quote the legend herself, ‘This is the life.’ “ And, Miley would be open to Miley Cyrus

Pete Davidson says being a father is his “dream”. The 31-year-old comedian’s girlfriend Elsie Hewitt, 29, is pregnant with the couple’s first child, and the former Saturday Night Live star has been getting some advice from fellow SNL alumni Adam Sandler and Colin Hanks. He told E! News: “Everybody’s just been super excited for me, because they know it’s been my dream. “They all just have been like, ‘You’re going to be great at this. It’s the best thing you’ll ever do in your life.’ Sandler gave me some great advice. “It’s been really nice that everyone’s super excited. When you do something, when we do anything, you want everyone to be excited, especially having a Pete Davidson

child.” Pete - who feels “very lucky and very, very happy” to be approaching fatherhood - is excited to provide for his baby. He added: “[I’m looking forward to] being able to take care of something and show it the childhood I didn’t have. “I assume you just try to give them what you didn’t have, and what you didn’t like, not do it.” Elsie revealed her pregnancy on

Instagram last week, showing a sonogram of their baby alongside a video of her and Pete holding hands as they watched an ultrasound. In the caption, she quipped: “Welp, now everyone knows we had sex.” Meanwhile, friends of Pete have insisted that now is the “perfect” time for him to become a father. A source told Us Weekly: “This has brought them even closer. It’s a healthy relationship for Pete. “Pete has always wanted to be a dad and thinks the timing in his life is perfect. He couldn’t have done it a few years ago but is in a very different place in life now. “He’s had a great year so far with two movies coming out soon, another in production, and a return to stand-up.” While Pete and Elsie only went public with

‘It was mind-blowing’: Jamie Lee Curtis cherished getting to sit in the front row at the Oscars

Bang Showbiz | Los Angeles

Jamie Lee Curtis “never thought” that she would get to sit in the front row at the Oscars. The 66-year-old star took home the Academy Award for Best Supporting Actress in 2023 for her part in the movie Everything Everywhere All at Once and recalled how the most exciting part of the ceremony was when she and her co-stars found out they would be sitting in prime position for the show. Jamie told AARP The Magazine: “As soon as Ke (Huy Quan) and Steph

Hsu and Michelle Yeoh came and sat in the same row, I literally walked up to each one of them and I went, ‘Ke, where are we?’ And he said, ‘We’re at the Oscars.’ ‘And where are you sitting?’ And he said, ‘In the front row.’ “(They) never, ever, ever thought that they would be sitting in the front row at the Academy Awards as nominees. That moment for me was the whole thing. It was mind-blowing. And still is.” Jamie is the daughter of actors Janet Leigh and Tony Curtis and felt that her Oscars triumph was even more special as she had first-hand

experience of the negative side of the industry. The Halloween actress said: “I was raised in show business, a business that is ageist, misogynist and pigeon-holing. “I’ve watched the sad reality when show business no longer wants you. I watched it with my parents, who went from the height of their intense fame to nobody wanting them anymore.”

Hailey Bieber struggled to ‘accept’ her pregnancy

Bang Showbiz | Los Angeles

Hailey Bieber found it difficult to “accept” her pregnancy. The 28-year-old model welcomed her first child, son Jack Blues, with her husband Justin Bieber in August 2024 but revealed that her pregnancy came as something of a shock. Hailey told Vogue Italia: “The pregnancy was hard for me to accept, it was a surprise and you have to deal with so many emotions. “You realise that your life will never be the same again, yes, it changes in a positive way, but it will never be the same again. “It was a huge challenge for me, mentally.” Hailey and Justin’s marriage has come under scrutiny recently as a result of the Sorry hitmaker’s erratic behaviour but she was thankful for her husband’s support during the pregnancy.

The Rhode founder said: “Suddenly, your partner sees you as a goddess, a superhero... Or at least, that’s how it was for me.” Meanwhile, Hailey described the months after giving birth to her son as “the most delicate period I’ve ever been through in my life” and admits that her difficulties were exacerbated by “falsehoods” about

the state of her relationship with Justin. She said: “Having to do all this while constantly reading falsehoods on the internet like ‘They’re getting divorced’ or ‘They’re no longer happy together’ is something that really drives you crazy. I’m not sure even I can explain it. It’s a crazy life.”
