

Bapco opens tender to buy sofa sets

Representative picture
TDT | Manama

The Bahrain Petroleum Company (Bapco) has on offer a three-year agreement to supply sofa sets for Awali Houses.

Awali was the first modern self-contained township in Bahrain, when it was constructed in 1934. Since then, it has remained an integral part of the Bapco community providing employees with the comfort and convenience of a gated residence and work environment comprising offices, living quarters, leisure amenities, playgrounds, restaurant, supermarket and a community garden.

The tender says Bapco will receive Technical & Commercial offers only through its iSupplier portal.

Bidders must have at least three years of experience and submit evidence supporting their claims.

Make bids before the 4th of September 2022, with a BD500 bond and BD15 tender fees.

Tender board suspends bids of Future Generation Reserve Tower Project

TDT | Manama

The bids received by the Ministry of Finance & National Economy for an Integrated Property and Facility Management Service Future

Generation Reserve Tower Project now stand cancelled, says a Tender board document.

The bids by CBRE Bahrain (BHD 14,850,000) and Savills Middle East (BHD 148,500,000) are suspended.

The tender was for hiring a top-tier international Property Management Service Provider for the supply service of "Property and Facility Management" in accordance with recognized professional current practices

and standards.

The contract was offered for three years and renewable up to one time at the discretion of the FGR Council.

Future Generation Reserve Tower is the first investment tower as an approved LEED-certified building in the Kingdom. The tower is located overlooking the two major developments Bahrain Financial Harbor and Bahrain Bay and is set to become the new financial icon of Bahrain. The 38-floor tower has built up area of 12,000sqm and an overall site area of 63,000sqm.
