MOVIE REVIEW

Wonder Park: Existentialism in an amusement park

he first five minutes of Pixar's "Up" were brilliant, but they have a lot to answer for, because they encouraged animated filmmakers to reach for gut-punch twists that their movies don't always earn. Such is the case with "Wonder Park," a film about a brilliant, science-minded girl named June, aka "Junebug" (Brianna Denski), who has a special relationship with her mother

(Jennifer Garner). The two spend hours playing on the floor of June's room with stuffed animals and other toys, anchored to Wonderland, a theme park so fabulous that it could nevten richest countries could fund lariously dangerous, like the one wasting away unattended. that hurls people from one side of
