ISB honours middle section students for academic achievements

TDT | Manama

The Indian School Bahrain (ISB) organized the Academic Award Ceremony on Thursday to felicitate students from class VI to VIII for their academic achievements.

Around 275 toppers and high achievers were honoured with certificates for their excellent performance in the academic year 2022-2023.

The programme was held at the Jashanmal auditorium in Isa Town campus.

Indian Embassy Second Secretary Ravi Kumar Jain was the chief guest of the ceremony.

ISB Chairman Prince S Natarajan, Vice-Chairman Jayafar Maidani, Executive Committee Members Binu Mannil Varughese, Rajesh Nambiar, Ajayakrishnan V, Mohammad Nayaz Ul-
lah, Principal VR Palaniswamy,

Riffa Campus Principal Pamela Xavier, Vice-Principals and Head Teachers attended the ceremony.

In his inaugural address, Indian Embassy Second Secretary Ravi Kumar Jain appreciated the excellent performance of the Indian School students in academics and conveyed his best wishes appreciating the hard work and dedication of students and staff.

Ravi Kumar Jain congratulat-

ed the Indian School for their tireless efforts for imparting quality education in an exemplary manner.

He also appreciated the extra-curricular activities with reference to the performance of the school band.

ISB Chairman Prince S Natarajan in his presidential address congratulated the A1 achievers and said that the concerted efforts of the teachers with the

wholehearted support of the parents resulted in the brilliant performance of the students.

The Indian School faculty have quickly adapted to the online and offline teaching platforms during the pandemic days.

"Every subject and field has its own possibilities or potentials and parents should identify the student's interest and guide them accordingly," he said.

Prince Natarajan presented a

memento to the chief guest.

Principal VR Palaniswamy appreciated the hard work of the students, commitment of the teachers, cooperation of the parents and the support and guidance of the Executive Committee during the challenging times.

"Parents and teachers have put in their best efforts to mentor and monitor the children in the formation of their character," he said.

Indian School celebrates Technofest 2023

The Indian School Bahrain (ISB) celebrated the 19th annual Technofest to commemorate the Indian National Science and Technology Day in Isa Town campus on May 11. Students from grade 6 to 12 took part in the various inter and intra school activities to showcase their talents and creativity. Seven CBSE curriculum schools including the host school participated in this event. The valedictory function was attended by Principal VR Palaniswamy, vice-principals along with HoDs, Head Teachers of senior sections in the presence of teachers in-charge from participating schools. The ISB students were in the forefront of managing the entire function guided by science faculty members

Indian School to hold fourth edition of science quiz

Winners are awarded the trophy in a previous edition of the event (file photo)

TDT | Manama

The Indian School Riffa campus is gearing up to host the annual Mothercare ISB APJ Inter-Junior School Science Quest, Season 4 in the upcoming weeks.

The event is scheduled to be held in three phases. The preliminary round of the quiz will be held today.

The top scorers of this round, one from each school, will move

on to the semi-final round which will be held on May 27.

The top six teams will contest the final round on June 2, 2023.

The Quiz Masters are Dr. Babu Ramachandran (American Mission Hospital) and Bonny Joseph (Director, Bonny's Educational Services).

Around 31 teams of young quiz takers from twelve schools are all set to dive into the thrilling quizzing contests.

"This flagship initiative was launched in 2017 to grow in educational partnership, share ideas and strategies, and to promote the best practices of scientific investigation, reasoning, and logic among students of the primary schools", said Riffa campus Principal Pamela Xavier.

The purpose of the event is largely to promote young students' scientific curiosity and interest in current events.
