Hailey Baldwin clears up pregnancy speculation on Justin Bieber's Instagram

Fox | Los Angeles

Hailey Baldwin is clearing the air. Speculation that the 24-year-old model was pregnant began on Monday when her husband Justin Bieber took to Instagram to share a photo of himself and his wife.

"Mom and dad," he captioned the pic, leading many to believe that the two were preparing to become parents.

"YALL having kids?!" one follower commented. Another added: "Wait what? MOM AND DAD?!"

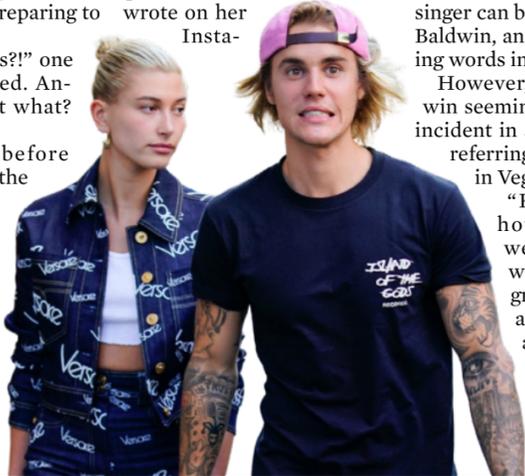

It wasn't long before Baldwin shut down the speculation.

"I think you should maybe change this caption to *Dog Mom and Dad* before anyone gets it twisted," she said alongside a laughing emoji.

Bieber, 27, and Hailey Baldwin

Baldwin married in 2018. They've had to fend off pregnancy rumors before, when the model took to Instagram in Nov. 2020 to slam a news publication for a story she alleged they were planning to run about her being pregnant.

"Since I know you guys were about to break your lil story [publication]," she wrote on her Insta-

gram story at the time, per Just Jared. "So please stop writing false stories from your 'sources' and focus on what's important, aka the election."

Much more recently, Baldwin and Bieber made headlines when a video that appeared to show Bieber yelling at his wife in public went viral.

In the clip, the "Peaches" singer can briefly be seen with Baldwin, animatedly exchanging words in Las Vegas.

However, days later, Baldwin seemingly addressed the incident in an Instagram post referring to their weekend in Vegas.

"Reminiscing on how amazing last weekend was," she wrote on her Instagram story alongside a picture of herself and Bieber sharing a smooch. "Had the best time surrounded by so much love."

Hunting'. His response included a surprising reveal about his daughter, whom he shares with his wife Luciana Bar-

roso.

Replying to the question, Matt said, Sure, yeah--fewer and fewer. You know, younger people don't know it as much. You know, my 15-year-old refuses to see it. She doesn't want to see any movies that I'm in that she thinks might be good."

When asked to clarify what he meant, the star offered an example by citing Isabella's take on his poorly received 2017 film 'The Great Wall'.

He said, "She just likes to give me s--t. My daughter said, 'Yeah, remember that movie you did, The Wall?' I said, 'It was called The Great Wall.' She goes, 'Dad there's nothing great about that movie.'" Matt cracked up as he finished recalling this. He summed it up by saying, "She keeps my feet firmly on the ground."

Halsey welcomes first child with boyfriend Alev Aydin

Fox | Los Angeles

Months after announcing her pregnancy to surprised fans, Halsey finally welcomed her baby into the "New Americana."

The "Without Me" singer, 26, gave birth to her first child with boyfriend Alev Aydin, named Ender Ridley Aydin, on July 14.

"Gratitude. For the most 'rare' and euphoric birth. Powered by love," she wrote on her Instagram page Monday.

While Halsey did not reveal the sex of the newborn, Ender is

a popular male Turkish name that means "rare."

The Grammy nominee surprised fans in January after she shared photos from a maternity shoot featuring her baby bump. In two of the portraits by photographer Sam Dameshek, the expectant mother posed completely topless while wearing a pair of baggy denim jeans.

Halsey first confirmed her relationship with Aydin, 38, after tagging the producer in her pregnancy announcement in June 2020. At the time, the singer told Amanda Owley, the California-based artist who inked the couple, that she and Aydin had been friends for "a long time."

He is best known for writing films and TV shows such as "Small Shorts" on Netflix.

Since her pregnancy announcement, Halsey has taken fans along with her through her journey, sharing photos of her sonogram and snaps showing off her baby bump.

In March, she told fans that her pregnancy was "100% planned" and that she had "tried very hard for this [baby]."

It's unclear how long Halsey and Aydin have been together, but the pair did get coordinating tattoos of the word "Seeds" in each other's handwriting in June 2020. At the time, the singer told Amanda Owley, the California-based artist who inked the couple, that she and Aydin had been friends for "a long time."

Julia Roberts video on environment conservation generates buzz again

IANIS | Los Angeles

An old video of actress Julia Roberts on environment conservation has started generating buzz again as it trended on social media.

The video, which was uploaded on the YouTube channel of the organization Conservative International six years ago has got people discussing the issue once again.

Incidentally, the video had gone viral in April 2020, too.

In the video, which is one minute and 58 seconds long, the actress speaks from the point of view of Mother Earth.

She says in the video: "Some call me nature, others call me mother nature. I have been here for over four and a half billion years -- 22,500 times longer than Julia Roberts

you. I don't really need people but people need me. Yes, your future depends on me. When I thrive, you thrive. When I falter, you falter, or worse."

She goes on to make a powerful statement on behalf of earth as strong visuals add impact to her voice.

"But I have been here for eons. I have fed species greater than you and I have starved species greater than you. My oceans, my soil, my flowing streams, my forests, they all can take you or leave you," she says.
