 ${f B}^{
m ahrain\ has\ expressed}_{
m its\ sympathy\ with\ India}$ and Bangladesh due to the floods that swept the northeast parts of both countries several days ago.

The floods caused the collapse of several bridges, roads, buildings, homes, infrastructure and power outages, leading to many deaths and injuries.

Foreign Affairs Ministry expressed its condolences to the families of the victims, and to both countries' governments and peoples.

#### **Six Palestinian** jailbreakers get five years in jail **Tel Aviv**

An Israeli court yes-terday sentenced six Palestinian inmates to five years in prison for tunneling out of their cell last year and escaping from a high-security facility in the biggest prison break of its kind in decades.

The jailbreak sparked a massive manhunt in the country's north and the occupied West Bank in search for the men, who were members of Palestinian militant groups.

They were recaptured days later.

The bold escape dominated newscasts, sparked heavy criticism of Israel's prison service and prompted the government to launch an inquiry.

Saudi Arabia and US reiterate common vision to confront Iranian threats in the region

🗙 audi Deputy Defense Minister Prince Khalid bin Salman Al Saud and US State Secretary Antony Blinken have affirmed their countries' common vision to confront Iran's destabilising policies in the region.

The two, who met in Washington on Saturday, reviewed the strategic relations between the Kingdom of Saudi Arabia and the US and ways to strengthen them, the Saudi Press Agency reported yesterday.

Blinken reiterated the US commitment to strengthen Saudi Arabia's defenses, efforts to counter Iranian threats, and the importance of maintaining strong international support for Ukraine. They also discussed managing pressures in global energy markets stemming from Russia's invasion.

Prince Khalid welcomed US affirmation of the Kingdom's support in developing its military capabilities and meeting its defense needs.

The Saudi deputy defense minister also met US Special Envoy for Yemen Timothy Lenderking and discussed the latest developments in Yemen.

"I affirmed to him the Saudi-led coalition's backing of the Yemeni Presidential Leadership Council and its supporting en-

# news of bahrain metribune New dialysis centre set to upgrade kidney care

KIMSHEALTH Medical Centre in Umm Al Hassam brings services closer to people

#### **Staff Reporter** TDT | Manama

rivate healthcare leader, KIMSHEALTH Bahrain has launched its new Dialysis Centre at the recently renovated KIMSHEALTH Medical Centre in Umm Al Hassam.

KIMSHEALTH's foray into establishing a specialised Dialysis Centre forms a part of larger vision to provide a complete Kidney Care Programme.

KIMSHEALTH has already been providing dialysis services at it Royal Bahrain Hospital, and through the addition of the Dialysis Centre, it is bringing its services closer to the people of Bahrain.

The Dialysis Centre is located on the second floor of the KIM-SHEALTH Medical Centre and comprises 10 dialysis units and three private rooms with two having isolation facilities.

Speaking on the occasion of the launch, Dr M I Sahadulla, Group Chairman and Managing Director at KIMSHEALTH, said: "I welcome you to the newly renovated modern facility of our KIMSHEALTH Medical Centre. The inauguration of Dialysis Centre is one of the key initiatives planned under the Total Kidney Care Programme, which includes a robust plan that is ready for execution. The Dialysis Centre will provide advanced hemodialysis and plans are afoot to implement peritoneal dialysis soon."

Ahmed Jawahery, Chairman, **KIMSHEALTH Medical Centre** and President, Royal Bahrain Hospital, said: "Since 2004, KIM-SHEALTH has always strived to provide new services to its pa- new line of treatment for patients and tend to their health- tients with kidney ailments."

# WHO expects r of monkeypox

#### Key facts

Monkeypox is caused by monkeypox virus, a member of the Orthopoxvirus genus in the family Poxviridae.

٠ It is a viral zoonotic disease that occurs primarily in tropical rainforest areas of Central and West Africa and is occasionally exported to other regions.

• Typically presents clinically with fever, rash and swollen lymph nodes and may lead to a range of medical complications.

• Usually a self-limited disease with the symptoms lasting from 2 to 4 weeks. Severe cases can occur. In recent times, the case fatality ratio has been around 3-6%.

• Transmitted to humans through close contact with an infected person or animal, or with material contaminated with the virus.

◆ Transmitted from one person to another by close contact with lesions, body fluids, respiratory droplets and contaminated materials such as bedding.

• The clinical presentation of monkeypox resembles that of smallpox, a related orthopoxvirus infection which was declared eradicated worldwide in 1980. Monkeypox is less contagious than smallpox and causes less severe illness.

• Vaccines used during the smallpox eradication programme also provided protection against monkeypox. Newer vaccines have been developed of which one has

Reuters | London

he World Health Organisation said it expects to identify more cases of monkeycountries where the disease is not typically found.

As of Saturday, 92 confirmed cases and 28 suspected cases of monkeypox have been reported from 12 member states that are not endemic for the virus, the needed to be studied about the U.N. agency said, adding it will provide further guidance and recommendations in coming days for countries on how to mitigate the spread of monkeypox.

"Available information suggests that human-to-human transmission is occurring among people in close physical contact with cases who are symptomatic", the agency added.

"What seems to be happening

now is that it has got into the there is any asymptomatic spread, population as a sexual form, as a genital form, and is being spread ious routes of transmission. as are sexually transmitted infections, which has amplified its vened "because of the urgency pox as it expands surveillance in transmission around the world," of the situation". #### Reduce the risk of zoonotic transmission

Over time, most human infections have resulted from a primary, animal-to-human transmission. Unprotected contact with wild animals, especially those that are sick or dead, including their meat, blood and other parts must be avoided. Additionally, all foods containing animal meat or parts must be thoroughly cooked before eating.

Human monkeypox was first identified in humans : Since 1970, human cases of mon

#### Newly appointed French minister denies rape accusations

**Reuters** | Paris

amien Abad, France's newly appointed minister for Solidarity and the Disabled, strongly denied he raped two women, following accusations published on Sunday by the Mediapart website in an article based on interviews with the women.

The women quoted by Mediapart said Abad had forced them to have unwanted sexual relationships with him. The actions happened in late 2010 and early 2011, they said.

One of the women filed a complaint to the police against Abad in 2017 which was closed without further action, Abad and Mediapart said.

"I contest with the greatest force these accusations of was accused of.

Member of Parliament Damien Abad

sexual violence," he said in a statement sent to Reuters. "The sexual relations that I have had throughout my life have always been by mutual consent."

Abad said his disability, a

Abad joined the government formed on Friday after President Emmanuel Macron's re-election.

Asked to comment on the accusations against Abad, Prime Minister Elisabeth Borne said she was not aware of them when he joined the government.

"I will be very clear: on all these subjects of harassment, sexual assault, there can be no impunity and we must continue to act so that women who may be victims of assault, harassment, can speak freely," she said.

Borne said her government disorder called arthrogryposis would bear the consequences that affects all four of his limbs, of appointing Abad, "if there are made it physically impossible new elements and a new case is for him to commit the acts he opened." She did not give more details.

#### Biden in Japan to Reuters | Tokyo

President Joe Biden arrived in Japan yesterday to launch a plan for greater US economic engagement with the Indo-Pacific, facing criticism even before the programme is announced that it will offer scant benefit to countries in the region.

On the second leg of his first Asia trip as president, Biden is to meet with leaders of Japan, India and Australia, the "Quad," another cornerstone of his strategy to push back against China's expanding influence.

Biden meet with Japanese business leaders, including the president of Toyota Motor Corp (7203.T), at the ambassador's residence in Tokyo shortly after arriving, said a person familiar

very infectious. For example, pandemic because it does not which is why some countries have started inoculating teams treating monkeypox patients using vaccines for smallpox, a related virus.

Many of the current cases have been identified at sexual health clinics

Early genomic sequencing of a handful of the cases in Europe has suggested a similarity with the strain that spread in a limited fashion in Britain, Israel and Singapore in 2018.

Heymann said it was "biologically plausible" the virus had been circulating outside of the countries where it is endemic, but had not led to major outbreaks as a result of COVID-19 lockdowns, social distancing and travel restrictions.

#### How can people protect against infection?

 ${f T}$  he UK has begun to inoculate healthcare workers who may be at risk while caring for patients with the smallpox vaccine, which can also protect against monkeypox. The US government says it has enough smallpox vaccine stored in its Strategic National Stockpile (SNS) to vaccinate the entire US population.

There are antiviral drugs for smallpox that could also be used to treat monkeypox under certain circumstances, a spokesperson for the US Department of Health and Human Services said in a statement.

More broadly, health officials say that people should avoid close personal contact with someone who has a rash illness or who is otherwise unwell. People who suspect they have monkeypox should isolate and seek medical care.

#### **Despite increasing** consensus on the need for enhanced climate impact transparency, the findings reveal that, while many institutions are on a clear journey towards greater voluntary disclosure, with 100 percent of banks analysed providing some form of climate-related disclosures, more detailed progress in annual reports has slowed and varies significantly from territory to territory.

management, it doesn't come as much of a surprise that most of those analyzed provide detailed

Seventy seven percent of the banks surveyed disclose that they are integrating 'climate-related risks' into their wider risk management framework and that they are starting to follow the more 'business as usual' processes of identification, assessment, management and reporting of climate-related risks.

Many of the banks also acknowledge that 'climate-related risk' is an overarching risk that has an influence on their other risks. Their most impacted other risks are credit risk, reputational risk, compliance risk and operational risk. However, while the 'credit risk' disclosures are typically detailed in annual reports, very few banks are connecting those disclosures with the associated impacts in their financial statements.

## Margot Robbie to star in 'Ocean's Eleven' prequel film

**ANI** | Washington

**T**ollywood star Margot Hollywood star Margo in the prequel to 'Ocean's Eleven', a heist comedy about con artists who rob hundreds of millions from a Las Vegas casino.

Riffa, East Riffa victorious in AFC Cup games

#### **TDT** | Manama

 ${f B}$ ahrain clubs Riffa and East Riffa were both victorious in their second matches of the AFC Cup 2022 group stage.

Riffa edged past Dhofar FC of Oman 3-2 in their Group B clash to bounce back from an opening-game loss. East Riffa, on the other hand, were reduced to nine men but were still able to come away with a 2-0 triumph against Tishreen SC of Syria.

With those results, both Bahraini sides stayed in contention to advance to the tournament's next stage.

In Riffa's victory, Komail Al Aswad fired in scoring against Dhofar a late winning goal in the first minute of second-half stoppage time.

in the contest, as Al Aswad scored in the very first minute of the game and then Hashim Sayed Isa doubled their lead just eight minutes later.

Omar Al Malki got one back in the 13th minute. Yazed Al Maashani then equalised for the half stoppage time. Nigerian professional Obus Omanis in the 60th minute, setting the stage for Prince Aggreh then supplied the finishing touch, the exciting finish. Riffa took their first three points of their group and are second on the table, tied with Dhofar. Al Group C table, tied with Nejmeh of Lebanon. Arabi of Kuwait are in first place with a full six Tishreen and Hilal Alquds of Palestine follow points, while Shabab Al Khalil of Palestine are with a point apiece. fourth with zero.

Riffa's star playmaker Komail Al Aswad celebrates after

Khalil tomorrow at 10pm. Riffa must win to have any chance of advancing to the next round, with They had also previously lost a 2-0 advantage only the top team from each of the three West Asian groups going through along with the best second-placed squad.

Meanwhile, East Riffa were on target on either Dhofar were quick to reply, however, and side of the break. Sami Al Hussaini was the first to strike with a goal in the second minute of firstscoring in the 91st minute of play.

#### Verstappen takes F1 lead with win in Spain, agony for Leclerc

Verstappen crosses the line Reuters | Madrid

Formula One world champion Max Verstappen won the Spanish Grand Prix in a Red Bull one-two on Sunday totake over at the top from Ferrari's luckless Charles Leclerc, who retired with an engine failurewhile leading. Mexican Sergio Perez finished a dutiful second, 13 seconds behind but with the consolation of a bonus point for fastest lap, after being told to let his team mate pass for a third victory in a row after Imola and Miami. The 24-year-old Dutch driver is now six points clear of Leclerc after winning four of six races -- all those he has finished. Britain's George Russell came third for a revived Mercedes and after going wheel-to-wheel with Verstappen early on in a thrilling display of defensive driving as they battled for second place behind Leclerc. Ferrari's Carlos Sainz was fourth, after fighting back from a slow start and a spin into the gravel, but it was scant reward for a team who had brought upgrades to try and turn the tables on Red Bull.

in their time trial contest.

Madan was one of 10 competitors going for the podium yesterday. He completed his ride in a time of 31 minutes 46.43 seconds, and was just over a minute behind gold-medallist Saied Alali of Kuwait, who won in 30:39.79. Yousif Mohamed Mirza of the UAE took the silver in 31:27.71.

Madan's countryman Ahmed Naser also had a chance to make it onto the podium, but he narrowly missed out. He finished fourth in 31:57.64.

Nouf's silver and Madan's bronze brought Bahrain's tally so far at the Games to 46-a mark adjusted by organisers on the official medal table after previously not counting the men's team trial bronze in cycling.

The nationals thus have 17 gold medals, 17 silver and 12 bronze medals in second over-

## Men's futsal team lose to Kuwait, women to go for gold today

TDT | Manama

**B**ahrain's national futsal team suffered a disheartening 1-2 loss to Kuwait last night in the men's tournament at the third GCC Games in Kuwait.

The nationals' lone goal in the contest was scored by Ahmed Hamad, while the Kuwaitis had Abdulrahman Altawail and Hamad Alawadhi on target.

The men will be back in action in their last game tomorrow and

UAE, which is scheduled for a 5pm kick-off.

It will be part of the final day of action in men's futsal and it
