

CAMPUS

New Millennium School Observed GCC Cancer Week And World Cancer Day

Manama

In a strong display of social responsibility and compassion, New Millennium School, Bahrain, observed the World Cancer Day on 4th February, 2026, with a series of meaningful awareness activities aimed at educating students and the school community about cancer prevention, early detection, and the importance of collective support.

The observance included special assemblies, awareness talks, poster-making and slogan-writing activities, and interactive classroom discussions, through which students learned about healthy lifestyles, risk factors, early warning signs of cancer, and the significance of empathy and community involvement. Students actively participated by wearing awareness ribbons and sharing messages of hope and encouragement.

As part of the Charity drive the students also donated an amount of BD Three Hundred (BD 300) to the Bahrain Cancer Society, reaffirming the institution's commitment to supporting cancer patients and ongoing awareness efforts in the Kingdom.

Addressing the gathering, Principal Dr Arun Kumar Sharma, emphasized the importance of awareness and education in combating cancer. He stated

that initiatives like these help students grow into responsible and compassionate citizens who understand the value of health,

empathy, and service to society. Chairman Dr Ravi Pillai and Managing Director Mrs Geetha Pillai appreciated the enthusiastic participation of students,

staff, and parents, and reiterated the school's dedication to standing in solidarity with cancer patients and survivors.

The observance of Gulf Cancer Week and World Cancer Day at New Millennium School served as a

powerful reminder that awareness, early action, and community support can make a difference in the fight against cancer.

Little Learners, Limitless Horizons: Kindergarten Graduation 2026

Manama

Bhavans-Bahrain Indian School (BIS) commemorated a significant milestone as its Kindergarten cohort of 2026 celebrated Graduation Day in a ceremony marked by joy, pride, and reflection.

The occasion represented not merely the culmination of an academic phase but the nurturing of confidence, curiosity, and core values that form the bedrock of lifelong learning.

From their initial hesitant steps into school to their confident presence on stage, the young graduates exemplified remarkable growth.

Their engaging performances, radiant smiles, and innocent self-assurance captivated the audience.

The formal presentation of certificates signified both academic progress and emotional development, while parents and teachers shared in moments that underscored a strong and meaningful home-school partnership.

Principal Saji Jacob remarked, "Today we celebrate not just

graduation, but the courage, curiosity, and character our young learners have developed."

Director Mr Himanshu Verma expressed his pride in the children's achievements and commended the dedication of the faculty. Director Mrs Ritu Verma highlighted the importance of early childhood education in shaping confident and compassionate individuals.

The ceremony reaffirmed the institution's commitment to holistic development and future-ready global citizenship.
