

Reinforcing National Partnership in Youth Empowerment

NBB Concludes Impactful Participation in Youth City 2030

The National Bank of Bahrain (NBB) successfully concluded its Platinum Sponsorship of Youth City 2030, delivering a comprehensive line-up of financial education, cultural engagements, and experiential learning.

Throughout the event, NBB's Retail Digital team conducted the 'Future Digital Banker' workshops, introducing young participants to modern banking fundamentals, budgeting, and practical financial simulations. The Bank also hosted three 'NBB Nights', featuring a Bahraini Musical Night, interactive competitions, and an International Youth Day talent showcase.

NBB further connected Youth City 2030 with its own development programmes by organising a visit for 83 EVOLVE summer interns, who explored the City's training stations and took part in interactive soft-skills sessions and team-building sports activities.

NBB's involvement forms part of the Bank's wider social responsibility agenda and its commitment to empowering national talent in support of Bahrain's long-term development ambitions.
