NMS Bahrain - ‘Bahrain Cancer Society’ charity drive

Manama

With an objective to contribute to the society as responsible global citizens, the students at New Millennium School-Bahrain undertook a charity drive by donating an amount to Bahrain Cancer Society.

The fund was raised through the ‘Commerce Kitchen’ activity organized by the students and teachers of Commerce Department as part of its experiential learning initiative, wherein students planned, prepared, priced, marketed and sold food items on campus. The initiative not only enhanced students’ entrepreneurial and managerial skills but also instilled a sense of social responsibility by dedicating the proceeds to a meaningful cause. The collected amount was formally handed over to the representatives of the Bahrain Cancer Society in a brief ceremony held at the school campus. The programme also featured an awareness talk on early detection, self-examination and the importance of community support for patients and survivors. Applauding the efforts of the staff and the students, Principal, Dr Arun Kuumar Sharma said that, out of social responsibility and a belief in the need to contribute positively in all issues of concern to the community, whether health, developmental, voluntary or educational, the school is always keen to create programs and activities that serve these issues.

Chairman, Dr. Ravi Pillai and Managing Director, Mrs. Geetha Pillai appreciated the students for their noble gesture and thanked both the parents and the teachers for their efforts in inculcating the sense of social responsibility among students.

Mathemagica – Mathematics week at NMS

Manama

The students of New Millennium School along with the passionate mathematics teachers, celebrated the Mathematics Week from 21st to 25th September 2025, with great zest and zeal. The week titled as “Mathemagica” aimed at exploring and kindling the flame of inquiry, logical reasoning and problem solving in Mathematics. Be it the spectacular assemblies connecting Math to everyday life or the super mind-boggling questions that tickled the Math geniuses, Math week celebrations saw Math coming to life through the plethora of activities and engaging classroom teaching learning designs. Children added their creativity to Math by making 3D shapes using simple paper, making graphical designs, playing with numbers, making their own mathematical models, having fun with shapes, connecting Math to beautiful craft designs and patterns and envisioning a world that is filled with geometric similarities, constructions and theorems. Children participated in a ‘beyond the book’ activity and went for a nature walk to observe and explore the real life applications of mathematical concepts.

NMS Bahrain celebrates National Tree Week with Green initiatives

Manama

Heralding its solidarity to the ‘National Tree Week’ initiative launched by the Government of Bahrain, New Millennium School organized a series of eco-friendly activities aimed at promoting environmental awareness and the importance of trees in achieving a sustainable future. The week-long celebration, held from 12th to 16th October, 2025, witnessed enthusiastic participation from students and the staff. The week began with special assemblies highlighting the theme of the week – “Plant a Tree, Plant a Future.” Students presented speeches, poems, and skits emphasizing the need to conserve nature and combat climate change. The highlight of the event was a tree plantation drive on the school campus, where saplings of native species were planted by students and faculty members. Various activities such as poster-making, essay writing, and environment quiz competitions were also conducted to engage students creatively and intellectually. The school’s Environment Club took the lead in spreading awareness about waste segregation, composting, and the benefits of maintaining green surroundings. Speaking on the occasion, the Principal, Dr Arun Kuumar Sharma, appreciated the students’ efforts and encouraged them to become “guardians of the green.” The event concluded with a pledge to protect and nurture trees for a cleaner, greener planet. Chairman, Dr. Ravi Pillai and Managing Director, Mrs. Geeta Pillai appreciated the school’s enthusiastic participation in the Tree Plantation Drive saying that such initiatives not only fosters environmental consciousness but also strengthens the students’ sense of responsibility towards nature.
