TDT | Manama

The General Directorate I of Criminal Investigation has arrested several suspects - including a woman - on drug trafficking charges after seizing over 3kg of assorted narcotics worth approximately BD51,000.

In a statement, the anti-narcotics chief said intelligence reports led to coordinated raids that identified the culprits and recovered the illegal substances from their possession.

Additional evidence in the form of foreign currencies from suspected drug sales proceeds were also confiscated, he affirmed. Authorities have since catalogued and stored the contraband haul as criminal cases against the detainees are referred to public prosecutors.

As part of ongoing community partnerships, the directorate renewed appeals for tipsters to anonymously report any suspicious activities.

# Marcos says Philippines will not be 'cowed into silence' by China

AFP | Manila

President Ferdinand Marcos said yesterday the Philippines will not be "cowed into silence" by Beijing after confrontations in the South China Sea that injured Filipino troops and damaged vessels.

Marcos's remarks came as China blamed the Philippines for raising tensions in the hotly contested waterway, which Beijing claims almost entirely.

Beijing and Manila have a long history of maritime territorial disputes in the South China Sea and there have been repeated confrontations between their vessels near disputed reefs in recent months.

Manila summoned a Chinese envoy over the latest incident near Second Thomas Shoal in the Spratly Islands, which occurred last Saturday during a Philippine mission to resupply troops garrisoned on the BRP Sierra Madre, a grounded navy

He said the Philippines would respond with a "countermeasure package that is proportionate, deliberate, and reasonable in the face of the open, unabating, and illegal, coercive, aggressive, and dangerous attacks by agents of the China Coast Guard and the Chinese Maritime Militia".

"Filipinos do not yield," Marcos said.

China claims almost the entire South China Sea, brushing off rival claims from other countries, including the Philippines, as well as an international ruling that its assertion has no legal basis.

Among the claimants, China has been the most assertive, deploying ships to patrol the waters and building artificial islands which it has militarised.
