## Deaths in fresh strikes on Gaza 'appalling': UN

AFP | Geneva

The United Nations yesterday called the deaths in Israel's new military strikes on Gaza "appalling", as it urged all sides not to let peace "slip from our grasp".

Israel said it had carried out strikes on dozens of Hamas targets following the death of a soldier, with the Gaza Strip experiencing its deadliest night of bombing since a US-brokered truce went into effect earlier in October.

UN rights chief Volker Turk said the attacks had reportedly hit schools, homes and tents for internally displaced people within the Palestinian territory.

"Reports that over 100 Palestinians were killed overnight in a wave of Israeli airstrikes mainly on residential buildings, IDP tents and schools across the Gaza Strip, following the death of an Israeli soldier, are appalling," he said in a statement.

## 460 killed in Sudan hospital

AFP | Geneva

The World Health Organization said yesterday it was appalled at reports of more than 460 patients and their companions being killed at a hospital in the Sudanese city of El-Fasher.

The capture of El-Fasher was marked by starvation and bombardment.

# Funds scandal

Appeal continues in BD86,000 school forgery case

Mohammed Darwish  
TDT | Manama

The Court of Appeal is still hearing the case of three government-school employees convicted of taking BD86,000 from school funds by forging and using official documents.

Judges ordered a three-member panel of experts to report on the file and stayed the first appellant’s sentence until the appeal is decided.

The original judgment set 10 years’ jail for the first defendant, a fine of BD75,204 and 345 fils, and restitution of the same amount to the school; three years for the second, with a fine of BD10,897 and 550 fils and restitution; and one year for the third, with a BD 790 fine and restitution.

Maximum penalties

In an earlier hearing, the Public Prosecution asked for the maximum penalties, saying the evidence shows forged papers were used to seize the money.

The case began in April 2024 when the Ministry of Education’s Financial Resources Di-

Image used for illustrative purposes only

rectorate carried out a routine audit at a government school and found suspect steps around invoices and spending.

An internal inquiry was opened.

Breaches

Its work pointed to a pattern of financial and administrative breaches between September 2019 and March 2024: hidden invoices and records; cheques issued in the names of people inside and outside the school;

forged cheques, invoices and vouchers; and sham invoices and purchase quotations.

The inquiry put total embezzlement at BD87,000, counted 163 forged cheques, 203 fake purchase quotations, 51 doubtful invoices and dealings involving 355 invoices.

Investigators named the first defendant as Head of Administrative and Financial Services.

Accounts

He oversaw buying, receipt

of services, approval of financial papers and the signing of cheques, and admitted taking money and moving it to his own accounts using documents pre-signed in blank by the school principal.

The second was the treasurer, in charge of cashing cheques, petty cash and keeping funds and cheque books.

The third was a senior equipment technician who handled purchase requests and liaised with the finance committee.

Sham invoices

The probe also found the first and second defendants produced sham invoices with specialised software on their own computers to hide who gained from the funds, which went on personal bills for electricity, water, beauty salons, clinics and fuel.

Prosecutors charged the three, as public employees, with taking school money in concert with the principal and forging official documents to enable the offence.

The court will consider the experts’ report before ruling on the appeal.

The celebration in Manama featured a special message from President Erdoğan, read aloud during the event, in which he extended his warmest greetings to Turkish citizens and friends around the world.

● The Dow briefly topped 48,000 points as all three of Wall Street’s main indices set record highs

AFP | London, United Kingdom

Stock markets hit record highs yesterday thanks to optimism over US trade deals, the AI sector and an expected interest-rate cut by the US Federal Reserve.

The Dow briefly topped 48,000 points as all three of Wall Street’s main indices set record highs when trading started, following fresh peaks set in London and some Asian markets as US President Donald Trump voiced optimism on the eve of crunch talks with China’s President Xi Jinping.

Investors are looking ahead to a meeting of the Federal Reserve, which observers expect will unveil a quarter-percentage-point cut to borrowing costs, as well as earnings reports from tech giants Meta, Microsoft and Google-parent Alphabet after trading closes in New York.

“Sentiment is as bullish as it can be heading into what could be one of the most consequential two-day periods for markets this quarter,” said City Index

The European Central Bank and the Bank of Japan are expected to hold interest rates steady this week.

Ahead of meeting Xi, Trump indicated that a trade deal had been reached with South Korea’s President Lee Jae Myung.

Ahead of his arrival in South Korea, Trump told reporters he expects “a lot of problems are going to be solved” during his first in-person discussion with Xi since returning to the White House this year.

The two leaders are set to meet Thursday in Busan, a

southern port city not far from the APEC summit attended by Trump.

Geopolitical hopes have added to an already jubilant atmosphere on Wall Street, with artificial intelligence giant Nvidia in particular benefitting from comments by Trump that fuelled speculation it might be allowed to sell chips in China.

Trump’s “remarks sent Nvidia soaring to a \$5 trillion company and propelled the S&P 500, Nasdaq 100 and Dow Jones to new record levels,” said Razaqada.

“In a market already high on AI-fuelled enthusiasm, that was all investors needed to keep the

rally going,” he added.

After gaining 5% on Tuesday, Nvidia shares rose further on Wednesday, helping it to become the world’s first company with a market capitalisation of \$5 trillion.

### Record highs

Benchmark stocks indices in Tokyo and Seoul each reached record highs Wednesday.

After Seoul closed, the United States and South Korea reached an agreement to maintain reciprocal tariffs at 15% and to reduce levies on automobiles and auto parts.

Taipei gained more than 1% on the day and Shanghai tracked moderate gains, while Hong Kong was closed for a public holiday.

In company news, shares in UK drugmaker GSK rose more than 2% in London after it raised its full-year guidance on strong sales growth.

Shares in Mercedes-Benz rose more than four percent after the company reassured investors it faced no immediate production shutdowns due to microchip shortages, even though third-quarter net profits plunged more than 30% due to Trump’s tariff blitz as well as slumping sales in China.

The price of copper reached a record high Wednesday, with the metal boosted also by tight supply concerns.

# Saudi wealth fund to hit \$1tn, NEOM still priority: chief

AFP | Riyadh, Saudi Arabia

Saudi Arabia’s futuristic new city NEOM remains a priority for the Gulf kingdom’s sovereign wealth fund under its new five-year plan, its chief said yesterday, following speculation about the project’s future.

NEOM, the \$500 billion flagship for oil-reliant Saudi Arabia’s Vision 2030 diversification programme, has reportedly been plagued by delays, personnel changes and design rethinks.

Yasir Al-Rumayyan, governor of the Public Investment Fund (PIF), said there would be six areas of focus, or “ecosystems”, from 2026 to 2030, including tourism, urban development, innovation, clean energy and industry.

NEOM will be “its own ecosystem”, Rumayyan told business and political leaders at the Future Investment Initiative in Riyadh.

“This (plan) would help us in prioritising our capital deployment with the timelines,” he said. “We don’t want to go to every investment with the same priority.”

He added that PIF should hit \$1 trillion in assets under management by the end of this year. “We’re very, very close to getting there,” Rumayyan said.

NEOM was the only one of the Saudi “gigaprojects” -- major lifestyle developments, which also include a Red Sea tourism project and Qiddiya,

an entertainment city near Riyadh -- named in the plan.

Reported problems at NEOM include a scaling-back of The Line, originally intended to be a mirrored pair of parallel skyscrapers as tall as New York’s Empire State Building and originally designed to stretch for tens of kilometres through the desert.

Difficulties have also been reported at Trojena, the ski resort being built nearby whose scheduled hosting of the 2029 Asian Winter Games drew protests from environmentalists.

PIF’s new, more streamlined plan came after it spent billions in recent years funding around 100 companies dealing in everything from AI to camel-milk products, Rumayyan said.

The fund is a main driver of attempts by the world’s biggest oil exporter to diversify its economy into areas such as tourism, business and finance.

YOU  
KNOW WHAT

NEOM, Saudi Arabia’s \$500 billion megacity project, is designed to be powered entirely by renewable energy and aims to host over 9 million residents in its futuristic linear city called The Line, which will stretch 170 kilometres across the desert.

Flooding in Haiti triggered by Hurricane Melissa has left at least 20 people dead and 10 others missing, authorities in the Caribbean island-na-

tion told AFP yesterday. Ten children were among those who died in river floods in the country's south, said Emmanuel Pierre, who heads the country's civil defense agency. Emergency responders were

conducting searches for the missing, he added. The flooding of the Digue River destroyed several homes in the coastal town of Petit-Goave, several residents reported. "People have been killed,

houses have been swept away by the water," resident Steeve Louissaint told AFP. In videos not verified by AFP, residents could be seen searching for their loved ones. A father was recorded in tears as he

removed his daughter's lifeless body from under a pile of debris. Hurricane Melissa, the most powerful hurricane to make landfall in 90 years, has also slammed Jamaica and Cuba, where it caused "considerable

damage" according to the Cuban president. The storm, which has been downgraded to Category 2, has triggered hurricane warnings in parts of the Bahamas and Bermuda.

## AI chip giant Nvidia becomes world's first \$5 trillion company

New York, United States

AI chip juggernaut Nvidia became the world's first \$5 trillion company on Wednesday, as investors remain confident that artificial intelligence will deliver a new wave of innovation and growth. The California-based tech giant saw its share price rise by 4.91 percent to \$210.90 at the open of trading on Wall Street, pushing Nvidia's market capitalization past the never-before-seen threshold. By way of comparison, the level was greater than the GDP of France or Germany or higher than that of Tesla, Meta (Facebook), and Netflix combined. Microsoft and Apple, the two other largest global market capitalizations, only just exceed \$4 trillion in valuation each. The surge in Nvidia's share price follows continued strong sales, a flurry of new deals -- including a partnership with Europe's Nokia announced on Tuesday -- as well as expectations that the company may soon regain access to China. The company is "largely ahead of any competitor who finds it hard to catch up in the world that Nvidia lives in," Art

Hogan of B. Riley Wealth Management told AFP. "While it's almost unfathomable to think about a company reaching this milestone, it comes from a company with so many operational efficiencies that seems to announce massive deals on a daily or weekly basis." Nvidia CEO Jensen Huang is expected in South Korea this week, where he will attend the sidelines of the APEC summit at which US President Donald Trump will meet his Chinese counterpart Xi Jinping, with issues related to AI development expected to be discussed. Nvidia chips are currently not sold in China due to a combination of Chinese government bans, national security concerns, and ongoing trade tensions between the United States and China. Nvidia has announced a series of partnerships in recent weeks, including an intention to invest up to \$100 billion in ChatGPT-maker OpenAI over the coming years. It also said it would invest \$5 billion in struggling chip rival Intel, in response to the Trump administration's desire to bring back more manufacturing of semiconductors to the United States.

## US military says reduced presence in Europe not a 'withdrawal'

US soldiers operate pusher vessels to be used for assembly and operate a transportation barge across Danube river during SABER GUARDIAN 25 military exercise in Frecatei, eastern Romania

AFP | Brussels, Belgium

The US military confirmed yesterday it was reducing its presence on NATO's eastern flank, but denied the move amounted to an American withdrawal from Europe. The US Army in Europe and Africa said an infantry brigade combat team and an airborne division were to redeploy to their Kentucky home base without replacement, after Romania previewed the scale-down. "This is not an American withdrawal from Europe or a signal of lessened commitment

to NATO and Article 5," it said in a statement from its German headquarters, referring to the alliance's collective defence principle. "Rather this is a positive sign of increased European capability and responsibility." The US had been expected to order drawdowns in Europe following a review of its military deployments worldwide. But it was beaten to an official announcement by Romania. Bucharest's defence ministry said Wednesday that the US was to halt the rotation of a brigade that had elements in several

NATO countries, including Bulgaria, Romania, Slovakia and Hungary. But NATO swiftly played down the planned reduction in personnel amid fears of a US pullback at a time where Europe contends with an aggressive Russia. "This force posture adjustment will not change the security environment in Europe," the US military added. US President Donald Trump has repeatedly criticised NATO, and insisted that European allies boost military spending as Ukraine battles Russia's invasion.

## 132 killed in massive Rio police crackdown on gang: public defender

Rio De Janeiro, Brazil

The Rio de Janeiro public defender's office yesterday said a total of 132 people died in the bloodiest police raid against drug gangs in the Brazilian city's history, as grieving residents laid out dozens of bodies in the street. "The most recent update is 132 dead," the Rio state public defender's office, which provides legal assistance to the poor, told AFP. There was no immediate corroboration of the figure from other sources. Rio state Governor Claudio Castro put the death toll from Tuesday's violence at around 60 but warned that the real figure was likely higher as more bodies were being taken to a morgue, where the dead were being counted. Four police officers were slain during the military-style operation, which involved 2,500 officers taking on Rio's most powerful criminal organization, the Comando Vermelho, or Red Command. In Penha Complex -- one of two densely populated, working-class neighborhoods targeted in northern Rio -- residents wept over a line of at least 50 corpses early Wednesday.

From Ceasefire to Coexistence:  
The Gulf's Role in Building  
Lasting Peace

RABBI MARC SCHNEIER, PRESIDENT OF THE FOUNDATION  
FOR ETHNIC UNDERSTANDING

As ceasefire negotiations continue between Israel and Hamas to end the war, the eyes of the world once again turn to the Gulf. The region's leadership has proven that diplomacy, rooted in faith and moral conviction, can achieve what decades of conflict could not. Today, that same leadership is vital to transforming a temporary truce into a foundation for lasting peace.

Gulf countries – Bahrain and the United Arab Emirates – have already shown the world that reconciliation is possible when nations choose dialogue over division. The Abraham Accords were not only a diplomatic breakthrough, but a moral one. They proved that peace with Israel does not mean abandoning the Palestinian people, and that normalization can coexist with compassion, justice, and faith.

I have spent much of my life working to strengthen ties between Jews and Muslims, the children of Abraham who share a common faith and destiny. Through my work with leaders from Bahrain, Saudi Arabia, the United Arab Emirates, Qatar, Oman, Morocco, Jordan, and beyond, I have witnessed a quiet but profound transformation. The Gulf has become a beacon of coexistence, reminding the world that peace built on mutual respect can reverberate far beyond politics.

Bahrain's leadership has been central to that transformation. Under His Majesty King Hamad bin Isa Al Khalifa, Bahrain has established itself as a champion of interfaith understanding. His vision made Bahrain one of the first Arab nations to combat extremism and publicly embrace peace with Israel as a step toward a stronger, more inclusive Middle East. His Majesty's commitment to dialogue and tolerance has inspired others to follow suit.

Now, as the guns fall silent, the opportunity before us is clear. The Gulf can help transform this ceasefire into the beginning of a new regional reality, one where a Palestinian state and the State of Israel exist side by side in security and dignity. The key is to expand the spirit of cooperation that Bahrain and its partners have already built.

Saudi Arabia's Crown Prince Mohammed bin Salman captured this vision when he said, "I believe the Palestinians and the Israelis have the right to have their own land. But we have to have a peace agreement to assure the stability for everyone and to have normal relations."

Those words reflect the growing understanding that peace is not weakness but wisdom, and that coexistence is the only path to a secure and prosperous future.

True peace requires more than treaties. It demands trust. The Gulf has earned that trust through its moral consistency and its courage to lead with faith. The progress made through the Abraham Accords must now serve as a roadmap for reconciliation between Israelis and Palestinians.

History will remember this moment not for its ceasefire, but for whether the region's leaders turned it into lasting coexistence. Bahrain and its neighbors have already shown the world what is possible when faith guides diplomacy. Now, they can show the world what peace truly looks like.

# Israel hits another Gaza target after deadliest night since truce

AFP | Gaza City, Palestinian Territories

Israel said it struck an arms dump in Gaza yesterday, hours after the deadliest night of bombing since the start of a US-brokered truce, warning it would continue to operate to take out perceived threats.

The military announced it had carried out a precision strike on a site in the Beit Lahia area of northern Gaza where it said weapons were being stockpiled for "an imminent terror attack".

Israeli troops, it said, would remain deployed in "accordance with the ceasefire agreement and will continue to operate to remove any immediate threat".

Hamas-run Gaza's civil defence agency told AFP that one Palestinian was killed in the latest strike -- and that 104 -- including 46 children and 24 women -- had died in the previous night's bombardment.

The Israeli military launched a wave of bombing after one of its soldiers was killed in Gaza on Tuesday. By mid-morning on Wednesday it said it had begun "renewed enforcement of the ceasefire".

Both US President Donald Trump and regional mediator Qatar said they expected the ceasefire to hold, but inside Gaza displaced families were losing hope.

"We had just started to breathe again, trying to rebuild our lives, when the bombardment came back," said 31-year-old Khadija al-Husni, a displaced mother living with her children under canvas at a school in Al-Shati refugee camp.

"It's a crime. Either there is a truce or a war -- it can't be both. The children couldn't sleep; they thought the war was over."

## 'We're exhausted'

United Nations rights chief Volker Turk said the report of so many dead was appalling and urged all sides not to let peace "slip from our grasp", echoing calls from Britain, Germany and the European Union for the parties to recommit to the ceasefire.

In the central city of Deir el-Balah, in a tent near Al-Aqsa Martyrs Hospital, 40-year-old Jalal Abbas was close to despair and accused the Israelis of using false pretexts to resume their campaign.

"The problem is that Trump gives them cover to kill civilians because they mislead him with false information," he told AFP.

"We want an end to the war and the escalation. We're exhausted and on the verge of collapse."

The Israeli military said that its strikes had targeted 30 senior Hamas, with Defence Minister Israel Katz maintaining "dozens of Hamas commanders were neutralised".

Israel said it launched the wave of strikes after reservist Master Sergeant Yona Efraim Feldbaum, 37, was killed in Rafah when his engineering vehicle was hit by enemy fire.

## Mediator Qatar expects Gaza ceasefire to last despite 'violation': PM

New York, United States

Mediator Qatar said yesterday it expected a US-backed ceasefire to hold in Gaza despite a "violation" as Israel carried out strikes in response to Palestinian fire.

"Fortunately I think the main parties -- both of them -- are acknowledging that the ceasefire should hold and they should stick to the agreement," Qatari Prime Minister Sheikh Mohammed bin Abdulrahman Al Thani told the Council on Foreign Relations on a visit to

New York.

Taking a cautious tone, Al Thani did not accuse Israel of violating the ceasefire and pointed to the attack on Israeli soldiers.

"That's basically a violation by the Palestinian party," Al Thani said, while noting that Hamas has said it was not communicating with the group that carried out the attack.

"Yesterday's event was honestly something that is very disappointing and frustrating for us to see," Al Thani said.

"We are trying to contain it

and we mobilized right away after this in full coordination with the United States. And we have seen that the US also is committed to the deal, so the ceasefire still holds as of now."

Al Thani called the attack -- in which a Qatari security guard became the first citizen of a Gulf Arab monarchy killed by an Israeli airstrike -- not only "a shock but a game-changer for all the region."

"I think that the attack itself has shown the US that there are all the red lines being crossed in the region," he said.

connection to the shooting incident in Rafah" and reaffirmed its commitment to the US-backed ceasefire.

It also delayed handing over what it said was the remains of a deceased hostage, and that any "escalation will hinder the search, excavation and recovery of the bodies".

After the start of this month's ceasefire it returned the 20 surviving captives still in its custody and began the process of returning 28 bodies of deceased hostages.

But a row over the slow return of these last remains has threatened to derail the ceasefire plan -- agreed between Israel and

Hamas and backed by Trump's US administration and regional mediators Egypt, Turkey and Qatar.

Israel accuses Hamas of renegeing on the deal by not returning them fast enough, but the Palestinian group says it will take time to locate remains buried in Gaza's ruins.

# Pakistan says peace talks with Afghanistan 'failed'

Tarar said engaged with Afghanistan in the spirit of peace

Afghan refugees along with their belongings on trucks await deportation to Afghanistan near the Pakistan-Afghanistan border in Chaman

● **Afghanistan has not commented so far**

● **It is not clear whether negotiators from both sides remain in Istanbul**

AFP | Islamabad, Pakistan

Pakistan said yesterday that peace talks with Afghanistan had failed, in a blow to hopes for a lasting truce after the South Asian neighbours' deadliest border clashes in years.

The violence, which killed more than 70 people and wounded hundreds, erupted following explosions in Kabul on October 9 that the Taliban authorities blamed on Pakistan.

Both sides had been holding talks in Istanbul aimed at securing peace.

"Regrettably, the Afghan side gave no assurances, kept devi-

ating from the core issue and resorted to blame game, deflection and ruses," Information Minister Attaullah Tarar said on X after four days of negotiations brokered by Qatar and Turkey.

"The dialogue thus failed to bring about any workable solution."

Tarar said Pakistan engaged with Afghanistan in the spirit of peace, but accused Kabul of "unabated support to anti-Pakistan terrorists".

"We will continue to take all possible measures necessary to protect our people from the menace of terrorism," he added.

Hours later, Defence Minister Khawaja Asif warned on X that "any terrorist attack or any suicide bombing inside Pakistan shall give you the bitter taste of such misadventures".

Afghanistan has not commented so far.

It is not clear whether negotiators from both sides remain in Istanbul, and the Turkish

foreign ministry did not immediately respond to AFP's request for comment.

Abdul Mateen Qani, spokesman for Afghanistan's interior ministry, told Afghan media outlet Ariana News on Tuesday that any attack would be met with a response "that will serve as a lesson for Pakistan and a message for others".

Relations between the one-time allies, who share a 2,600-kilometre (1,600-mile) frontier, have soured in recent years over accusations from Islamabad that Afghanistan harbours militant groups which stage attacks in Pakistan.

Of particular concern is the Tehreek-e-Taliban Pakistan (TTP), which Islamabad accuses the Taliban authorities of allowing to use Afghan territory as a "training-cum-logistic base and jump off point for terrorist activities".

The Taliban government has consistently denied the allegations.

# Putin defies Trump with second nuclear weapons test in days

Russian leader said there was "no way to intercept" the drone torpedo

Russia's President Vladimir Putin (C) brings a medal as he visits servicemen who were wounded during the Russian military action in Ukraine, at a military hospital in Moscow

● **Putin said no country could match Poseidon's speed and diving depth**

● **Capable of carrying a nuclear warhead of up to two megaton**

● **Trump urged Putin to focus instead on ending the war**

AFP | Moscow, Russia

Russia has successfully tested a nuclear-capable, nuclear-powered underwater drone, President Vladimir Putin said yesterday defying US President Donald Trump's warnings with Moscow's second test of a new nuclear weapons system in just a few days.

Putin on Sunday oversaw a test of another advanced nuclear-capable weapon -- the Burevestnik cruise missile, which he said had an "unlimited range". Trump called that exercise not "appropriate".

"Yesterday, another test was conducted for another prospective system -- the unmanned underwater device 'Poseidon,' also equipped with a nuclear power unit," Putin said in televised remarks while visiting a military hospital treating Russian soldiers wounded in Ukraine.

The Russian leader said there was "no way to intercept" the drone torpedo, which, according to Putin, can travel at a speed higher than conventional submarines

and reach any continent in the world.

Putin said no country could match Poseidon's speed and diving depth, adding, "it is unlikely that anything similar will appear in the near future."

The device can operate at a depth of more than one kilometre (0.6 mile) and travel at speeds of up to 70 knots while remaining undetectable, according to a source in the Russian military-industrial complex quoted by state news agency TASS.

First tested in 2018, it is capable of carrying a nuclear warhead of up to two megatons, the source told TASS.

After Sunday's cruise missile test, Trump urged Putin to focus instead on ending the war in Ukraine.

"He ought to get the war (in Ukraine) ended. A war that should have taken one week is now soon in its fourth year. That's what he ought to do instead of testing missiles," Trump said.

The US president last week scrapped a planned summit with Putin in Budapest over what he cast as the Russian leader's unwillingness to compromise to end the conflict.

Trump has been trying to secure a deal since he returned to the White House in January, but talks have yielded no progress and he has shown increasing frustration with Putin, who has rejected multiple calls for a ceasefire.

Washington last week slapped sanctions on Russia's two largest oil companies, complaining that his talks with Putin to end the Ukraine war "don't go anywhere."

## WHO highlights reports of 460-plus people killed in Sudan hospital

AFP | Geneva, Switzerland

The World Health Organization said yesterday it was appalled at reports of more than 460 patients and their companions being killed at a hospital in the Sudanese city of El-Fasher.

The capture of El-Fasher on Sunday after an 18-month siege marked by starvation and bombardment has solidified the Rapid Support Forces' (RSF) control over Darfur, sparking fears of ethnically-motivated violence reminiscent of the region's darkest days.

"WHO is appalled and deeply shocked by reports of the tragic killing of more than 460 patients and companions at

Saudi Maternity Hospital in El-Fasher, Sudan, following recent attacks and the abduction of health workers," the UN health agency's chief Tedros Adhanom Ghebreyesus said in a statement.

The International Committee of the Red Cross said it was "deeply alarmed and profoundly shocked" by growing reports of "horrifying atrocities and immense suffering to which people from El-Fasher are being subjected".

Tedros said that prior to the maternity hospital attack, the WHO had verified 185 attacks on health care in Sudan, with 1,204 deaths and 416 injuries of health workers and patients

since the conflict began in April 2023.

The conflict in Sudan stems from a power struggle between two rival military factions that were once allies – the Sudanese Armed Forces (SAF) and the Rapid Support Forces (RSF).

## Bahrain Businessmen's Association and RCSI Medical University of Bahrain Explore Strategic Collaboration to Advance Bahrain Vision 2030

Bahrain Businessmen Association Visit to RCSI Medical University of Bahrain

Manama

A delegation from the Bahrain Businessmen's Association (BBA) met today with the Royal College of Surgeons in Ireland (RCSI) - Medical University of Bahrain to explore

avenues for strategic collaboration in alignment with Bahrain Vision 2030.

The discussions centred on creating synergies through joint initiatives, including organising a speaking event for association members, introducing inter-

national business delegations, and fostering opportunities of mutual interest to support the Kingdom of Bahrain's growing higher education and medical tourism sectors.

RCSI Medical University of Bahrain reaffirmed its openness

to collaboration in areas such as local procurement, project funding, research, and other meaningful endeavours that contribute to national development.

## Applied Science University Tops Bahraini Universities and Ranks Among the Top 30 Arab Universities in the QS Rankings 2026

Manama

In a remarkable new milestone, Applied Science University (ASU) has maintained its position as the highest-ranked university in Bahrain for the sixth consecutive year, while also achieving a significant academic breakthrough by being listed among the Top 30 Arab Universities in the QS Arab University Rankings 2026. The ranking evaluated 300 institutions across the Arab world, including six universities from Bahrain.

This accomplishment reaffirms ASU's standing as one of the region's leading academic institutions and a nurturing environment for future leaders—built upon the excellence of its programs and the strength of its integrated educational and research ecosystem.

ASU ranked 17th in the Arab world for academic reputation, further enhancing Bahrain's po-

sition as a distinguished higher education hub. The university also led all Bahraini universities in the employer reputation indicator, reflecting its success in connecting academic learning with real-world application and in creating promising career pathways for its graduates.

In terms of international engagement, ASU continued to expand its global presence through a growing international

student body and an increasing number of research collaborations, underscoring its diverse academic community and commitment to global standards of excellence.

Professor Waheeb Al-Khaja, Chairman of the Board of Trustees, stated that this achievement reflects the university's founding vision to be a beacon of knowledge regionally and internationally. He emphasized

that the ranking is the outcome of a clear vision, strategic planning, dedicated teamwork, and sustained investment in educational and research development.

Professor Al-Khaja added: "We extend our deepest gratitude to the Kingdom's wise leadership — His Majesty King Hamad bin Isa Al Khalifa, and His Royal Highness Prince Salman bin Hamad Al Khal-

ifa, Crown Prince and Prime Minister — for their continuous support to higher education in Bahrain. We also thank the Ministry of Education and the Higher Education Council for their ongoing guidance and support, which have enabled us to achieve this proud accomplishment."

He further affirmed that the university will continue advancing with determination to

strengthen its presence among the top universities regionally and globally.

Professor Al-Khaja also expressed his pleasure in meeting Her Excellency Dr. Rahma bint Ibrahim Al-Mahrouqi, Minister of Higher Education, Research, and Innovation in the Sultanate of Oman, on the sidelines of the QS Arab University Rankings 2026 announcement ceremony.

The grand inaugural ceremony embodied the spirit of unity and global cooperation that BMUN represents.

The school had the distinct honour of welcoming His Excellency Vinod K. Jacob, Ambassador of India to the Kingdom of Bahrain, as the Chief Guest. In his inspiring address, His Excellency urged young delegates to uphold the ideals of peace, justice, and

human dignity in an increasingly fragmented world. He also shared a thought-provoking anecdote, recalling his experience in Australia, where he had the opportunity to engage in decisions concerning bilateral and unilateral external affairs, an experience, he noted, that deeply resonated with the agendas and global relevance of BMUN 2025.

The meeting is set to take place at BIC’s world-class grass-roots motorsport facility, Bahrain International Karting Circuit (BIKC), featuring many of the best karters in Bahrain of various ages and nationalities.

They will be battling it out along BIKC’s 1.414-kilometre CIK-FIA track in their very own Rotax-powered karts, with competition being held in five different categories, including Micro MAX, Mini MAX, Junior MAX, Senior MAX, and DD2 MAX.

Action on Friday is scheduled to begin at 10.40am with free practices, to be followed by

qualifying practice from 11.17am. The pre-finals will then be held from 12.52pm, setting the stage for the finals flagging off from 2.34pm.

The podium ceremonies are then scheduled to take place around 5pm following all the action.

All are welcome to attend and cheer for the karters. Entrance to BIKC is free of charge.

A large field of competitors are entered for the upcoming season-opener, spearheaded by

four of last season’s BRMC champions. They include Micro MAX title winner Tariq Soofi, who has moved up to the Mini MAX category; last year’s Mini MAX champion Shaikh Ahmed bin Saqer Al Khalifa, who has graduated to the Junior MAX; Tye Mejia, who will be defending his Senior MAX crown; and Abdulla Sajjad, the reigning DD2 MAX champion.

Set to race in the Micro MAX class in the first round are Benjamin Karajkovic, Rashid Al-

mahroos, Sami Ramiz Albandak, Abdulaziz Alsarraf, and Enzo Gilbert Younes.

Tariq will be joined in the Mini MAX division by Isaac Yoon, Alex Reilly, Faisal Alnajjar, Oliver Spencer, Leo Saruhan, Rayyan Najjar, Rhys Daulat, Saish Chinchrekar, Safron Dzeviatau, Vladimir Gugo, and Ari Kallenberg.

The Junior MAX category will feature Shaikh Ahmed, Rayan Ghandour, Eason Tseng, Leopold Juch, Luca Saruhan, Wil-

The Senior MAX boasts of the largest grid. Round four will then kick off the new calendar year on 10 January, followed by round five on 30 January. Round six is set for 13 February, and then the seventh and penultimate round will be held on 28 March. That will pave the way for the championship final, scheduled for 18 April at BIKC.

## Pedri joins growing Barcelona sickbay

Pedri  
AFP | Barcelona

Barcelona midfielder Pedri will be sidelined for several weeks with the torn hamstring leg injury he picked up in a 2-1 defeat at Real Madrid this weekend, his club announced.

The 22-year-old Canary Islander was sent off in Sunday’s game and would have missed next Sunday’s league match against Elche, but will likely also miss a match away at Celta Vigo before the international break.

“The approximate recovery time will be determined by the evolution of the injury,” Barcelona said.

Barcelona face Club Brugge in the Champions League November 5.

Pedri joins Joan García, Marc Ter Stegen, Gavi and Raphinha in the Barca sickbay while Robert Lewandowski and Dani Olmo have returned to training.

Barcelona are second in La Liga five points behind leaders Real Madrid.

## Grand Seiko Named Official Timepiece of the Racing Season

Manama

As part of its ongoing efforts to strengthen partnerships with leading companies and brands in line with its development plans and Bahrain’s hosting of international championships and horse racing events, the Rashid Equestrian and Horse Racing Club has signed an extended sponsorship agreement with Bahrain Jewellery Centre, naming the Japanese brand “Grand Seiko” as the official watch of the 2025–2026 horse racing season.

This initiative also aims to enhance Bahraini–Japanese cooperation in equestrian sports and horse racing. It follows recent milestones such as the commemorative race held in Japan’s Nakayama Racecourse in the name of His Highness Sheikh Isa bin Salman Al Khalifa, and the first-ever participation of

Japanese horses in the Bahrain International Trophy during the previous season.

On this occasion, Mr. Yousif Osama Buhejji, Chief Executive Officer of the Rashid Equestrian and Horse Racing Club, highlighted the importance of

this partnership and its role in strengthening the club’s status as a preferred destination for leading companies and brands. He praised Bahrain Jewellery Centre and Grand Seiko for their continued support and contribution to achieving

the club’s goals of developing horse racing in the Kingdom of Bahrain and enhancing its presence on the international stage.

For his part, Mr. Ahmed Shirazi, Managing Director of Bahrain Jewellery Centre, expressed his pride in continuing to support horse racing in Bahrain, noting the remarkable progress and international successes achieved thanks to the efforts of the High Authority of the Rashid Equestrian and Horse Racing Club, chaired by His Highness Sheikh Isa bin Salman bin Hamad Al Khalifa, Minister of the Court of the Prime Minister. He affirmed that the continued partnership with the club reflects confidence in its path and achievements, and further elevates Bahrain’s distinguished reputation in the world of horse racing.

## Mujeeb, Omarzai bowl Afghanistan to Zimbabwe T20 win

AFP | Harare

Spinner Mujeeb Ur Rahman took four wickets and quick Azmatullah Omarzai three as Afghanistan beat Zimbabwe by 53 runs on Wednesday to take a 1-0 lead in a three-match Twenty20 series.

The tourists won the toss at Harare Sports Club, opted to bat and posted 180-6 with openers Ibrahim Zadran (52) and Rah-

manullah Gurbaz (39) the chief contributors.

Zimbabwe plunged to 30-5 after five overs in reply and were all out for 127 with lower-order Tinotenda Maposa (32) the top scorer.

Gurbaz hit a six and six fours as he put on 76 runs with Zadran for the first wicket before a top edge off a Sikandar Raza delivery saw him caught in the covers by Tadiwanashe Marumani.

A poor stroke from Zadran led to a catch by Ryan Burl at deep mid-wicket after a 33-ball knock that included a six and six fours.

The off-spin of 39-year-old captain Raza brought him 3-20 and quick Blessing Muzarabani took 2-41 for the home side.

An Afghan assault saw three of the first five Zimbabwe batters out for ducks and another for one. Opener Brian Bennett (24) was the exception, striking

a six and three fours off 15 balls.

Chasing a lost cause, Brad Evans (24) and Maposa offered resistance before becoming victims of Mujeeb (4-20).

Omarzai (3-29) had inflicted considerable damage earlier, capturing the wickets of Bennett and Raza (one).The teams meet again on Friday and Sunday as they prepare for the T20 World Cup in India and Sri Lanka next February and March.

De Bruyne goes under the knife for hamstring injury

Kevin De Bruyne  
AFP | Rome

Napoli midfielder Kevin De Bruyne underwent an operation on his injured hamstring in his native Belgium yesterday, the Serie A club announced.

“As planned, Kevin De Bruyne underwent surgery yesterday in Antwerp, following a high-grade tear of the biceps femoris in the right thigh,” Napoli said in a statement.

“The operation went well. De Bruyne, who was assisted during the operation by the head of Napoli’s medical staff, Dr. Raffaele Canonico, will now begin the first post-surgery phase of rehabilitation in Belgium.”

De Bruyne sustained the hamstring injury while scoring a penalty for league leaders Napoli in a 3-1 win over Serie A title rivals Inter Milan on Saturday.

De Bruyne, 34, has scored four times since joining Napoli following his departure from Manchester City in the summer, three times from the penalty spot and once with a free-kick.

Arsenal depth fuels Saka’s belief in Premier League title charge

Saka points to Arsenal’s squad strength as the key to ending their title drought

- Arsenal leads the Premier League table
- Injuries no longer derailing ambition
- Saka also chasing World Cup win

AFP | London

Bukayo Saka believes Arsenal’s strength in depth can be the difference for the Gunners this season as they look to end a wait since 2003/04 to win the Premier League.

Mikel Arteta’s men are four points clear at the top of the table from Bournemouth, with their realistic title challengers Manchester City and Liverpool six and seven points adrift respectively.

Arsenal have finished second for each of the past three seasons when injury problems at times derailed their title challenge.

However, Arteta now has a far deeper pool of resources to call on after a £250 million spend on eight signings during the transfer window.

Saka is among the Arsenal stars, also including Martin Odegaard, Kai Havertz and William Saliba, to have already been sidelined by injury at times this

season.

But Arteta’s side have relied on their strength from set pieces and an excellent defensive record to win seven consecutive games in all competitions.

“This year I feel we’re a very strong group and we’ve got a lot of quality. We’ve suffered already a lot of injuries, but the players that have come in have shown that we can all keep the level at the highest,” Saka told Sky Sports.

“I think that’s where we’ve slipped off in a few seasons, but this season, we’ve got that and it’s making me really believe we can do it.”

Next year could be a memorable one for Saka as he also aims to end England’s long wait since 1966 to win a major tournament at the World Cup.

“That’s my prayer. Of course it is doable,” he added on the prospect of a Premier League and World Cup double in 2026.

“You can’t really do anything if you don’t believe in it. I believe it is possible. It won’t be easy, definitely won’t be easy, but yeah it is possible.”

Saka was part of the England sides that lost two European Championship finals under Gareth Southgate.

The Three Lions are the only European side to qualify so far for the World Cup in the USA, Canada and Mexico after a flawless start to their qualifying campaign since Thomas Tuchel took charge.

Saka has been impressed by Tuchel and hopes his experience at the highest level of the club game with Paris Saint-Germain, Chelsea and Bayern Munich can be key to England’s chances.

“I think he is a top coach, tactical understanding and with people as well he is very demanding, he knows how to get the best out of the players I would say,” said the 24-year-old.

“He has shown in the past he can win at the highest level and won the biggest of trophies. He has competed in many finals as well, so he has definitely got the experience and hopefully he can guide us to victory.”

Real Madrid’s Vinicius says sorry for Clasico substitution huff

AFP | Madrid

Brazilian forward Vinicius has issued a public apology to Real Madrid after his angered reaction to being substituted during a tense 2-1 win over arch-rival Barcelona at the weekend.

Vinicius remonstrated with coach Xabi Alonso and marched off down the tunnel after he was hauled off in the 72nd minute and replaced with Rodrygo.

Vinicius did not mention the Real Madrid coach in his apology.

“Today I want to apologise to all Madrid fans for my reac-

tion to being substituted in the Clasico. Just as I have already done it in person during today’s training, I also want to apologise again to my teammates, club and president,” said the 25-year-old.

“Sometimes passion gets the better of me by always wanting to win and help my team. My competitive nature is born from the love I feel for this club and for everything it represents. I promise to continue fighting every second for the good of Real Madrid, as I have done since day one,” Vinicius said.

Rain washes out 1st Australia-India T20 match

AFP | Canberra

Persistent rain forced the opening Twenty20 clash between Australia and India to be abandoned yesterday, leaving Suryakumar Yadav stranded on 39 and Shubman Gill on 37.

After being sent in on a chilly Canberra night, the visitors raced to 97-1 off 9.4 overs before being forced off for a second time by the weather with no more play possible.

India got off to a solid start with their newest T20 sensation Abhishek Sharma signalling his intent immediately, advancing down the wicket to Josh Hazlewood on his first ball.

Skipper Yadav slammed a giant six off Hazlewood before they were forced off by drizzle on 43-1 from five overs.

When they returned after 45 minutes and with the game reduced to 18 overs, the runs began flowing for Yadav and Gill as they upped the ante.

But the rain came back and they went off again having reached 97-1 and that proved the end of the match.

The second game is at a sold-out Melbourne Cricket Ground on Friday.
